Purposes

- Build regional stakeholders' awareness of the changing landscape of state educational support systems and local educational delivery systems.
- Engage regional stakeholders in essential conversations regarding the changing landscape of equity assurance for all students.
- Cultivate a community of regional stakeholders engaged in continued dialog to explore policies, practices, and actions to support all learners.
- Gather input from regional advisory board members that informs the centers' work to promote progress of today's learners.

Expected Outcomes

- Improved understanding of opportunities and challenges created by recent changes in policies and practices that affect national, state, and local educational systems
- Enhanced regional perspectives about new opportunities and challenges for equitable access to high quality education for all students in C3 and SC3 states
- Identified strategies C3 and SC3 can use which accommodate changes in educational support and delivery systems to promote progress
